QM

iQonnect ...

... enables you to better manage the operations of your cleaning workforce. Managers, supervisors and cleaners are able to do more in less time. Contract cleaners get all their documents and forms easily digitalized. Offer more transparency to your clients via real-time reports and dashboards. Save up to 15% of your managerial costs.

This is the opportunity to connect your managers, supervisors and cleaners. Have all information at a glance – the iQonnect core functions of our basic package* get you jump started with digitalization.

Time & Attendance Registration

Completely replace offline time registration by digital solutions

- From NFC/RFID, over pin code to GPS, various options are available – depending on your demands
- Real-time monitoring and reporting of working hours

Staff/ID Management

Store all cleaner files on legal status and give access to entitled personnel

- Custom HR information – available at any time
- Digitalized personnel-ID assignment to the site where they work
- ID validity check and access

Paperless Work

Replace paper-based documents and forms and store all relevant documents digitally

- Keep your documents always up-to-date
- 24/7 access to any document
- Form-builder to create any digital document
- Automatic (client-)report generator (fill in data once)

Complaint Management

React faster to complaints for superior customer satisfaction

- Customers generate complaints via online portal or app
- Status monitoring via complaint overview
- Task creator for quick complaint resolution

Task Management

Plan, organize, schedule and keep track of all your activities

- Detailed working-plans with daily and periodical tasks
- Real-time insights in task completion via activity feed and reports
- 24/7 task creation and assignment to the cleaner on the job

Quality Management

Constantly improve your performance by systematic quality checks

- Daily and periodical quality checks made easy
- Pre-defined quality management forms following EN 13549
- Easy adaptation to your existing processes or customer demands

Reporting

Provide transparency and save time with automatically generated, pre-defined reports

- Reports can be created on almost any data stored
- Meet customer expectation on reporting needs
- Share information based on individual access rights
- Dashboard function for quick overview on KPIs

* Not all functions are part of the basic package or available in all countries.
